Work

2008-2010 **Stampin' Up!**
I designed multiple catalogs and promotional pieces for use throughout the world. my main responsibilities were page layout, art directing photo shoots, performing pre-press, and press checks throughout the US

2010-Current **Property Solutions**
Currently I work as a Senior Designer for Property Solutions. I am responsible for website templates as well as marketing material, for both print and web.

2003-Current **Mendenhall Design**
This is a small business that I have created to do freelance work. I have done creative work for companies big and small. From web sites to video production. My favorite is web. I love the way that the audience gets to interact with this type of design.
